News Release

ACCESS TO FREE HEALTHCARE FOR THE UNINSURED, LOW-INCOME IN CANYON COUNTY

Grand Opening of Genesis Community Health's Clinic in Caldwell

CALDWELL, Idaho, Aug. 26, 2024 — Genesis Community Health is pleased to announce the dedication of its Canyon County Clinic in Caldwell, Thursday, August 29, 2024, at 4:00 p.m. Light refreshments and a tour of the new facility will follow the ribbon-cutting ceremony.

"It's with great joy and gratitude that we celebrate the grand opening of Genesis' second clinic in the Treasure Valley. Thousands of underserved people now have access to free compassionate care in a state-of-the-art facility. Our vision to expand our comprehensive healthcare services germinated four years ago. Because it touched the hearts of so many supporters, that vision is a reality today." —Steve Davis, Genesis Community Health CEO

An estimated 30,000 to 35,000 individuals in Canyon County have no access to quality healthcare because they cannot afford healthcare insurance. Their income barely covers necessities such as food and rent, and/or they fall through the Medicare safety net. Genesis is *their* safety net.

Last year, Genesis patients' transformative encounters were valued at \$2,916,000. A nonprofit, faith-based organization, Genesis is funded by this community and triples the value of every dollar contributed to providing whole-person healthcare to low-income, uninsured neighbors in the Treasure Valley.

Since its founding in 2001, Genesis has been serving patients from its first clinic in Garden City. It now celebrates the opportunity to serve West Treasure Valley from a second clinic in Caldwell.

Genesis' mission is to provide transitional primary healthcare along with social and spiritual support to low-income, uninsured individuals in Idaho's Treasure Valley, as an expression of the love of Jesus Christ.
