Job Summary

The Medical Referral Specialist determines eligibility of patients for the VPN (Volunteer Specialty Network) and MAP (Medication Assistance Program), then connects patients with either specialty care offered under VPN, or free medications under MAP. The Referral Specialist also leads the development and maintenance of partner relationships for these programs.

Duties and Responsibilities

Maintain Partnerships and Notify Director of Gaps

- Maintain positive relationships with VPN and MAP partners
- Recruit new partners for VPN and MAP as needed
- Educate clinic personnel, specialty offices and hospital partners on VPN and MAP processes
- Coordinate volunteers assisting with VPN and MAP

Patient Navigation

- Educate patients on program, policies, and procedures for VPN and MAP
- Complete regular reports on VPN and MAP usage in Excel
- Document individual patient activity for MAP and VPN in EMR
- Establish patient eligibility for MAP and VPN in collaboration with referral partners
- Send referrals to volunteer specialty physicians for participating clinics, obtain prior approvals as needed
- Regular communication with VPN and MAP partners to ensure referrals are complete
- Assist patients to complete VPN and MAP applications as needed

Other Duties as Required
